Karlsruhe, November 2012/gb

Dear parents,

Please find below the instructions from the Department of Health in Karlsruhe concerning the contagious diseases.

If your child contracts one of these diseases, or another contagious one, it is compulsory for you to inform the school.

Thank you for your understanding

Best regards

Isabelle Ebert

School Nurse

Requirement to register with the local health authorities

The facility is required to register the name of the patient with the relevant health authorities if they become aware of any disease listed in Section 34 of the Law on Protection against Infection.

There is no obligation to notify the authorities if the management has proof that the situation has already been reported by another person named in Section 8 (such as a doctor or a laboratory).

In any case, the following diseases must be reported by the facility:

Nonbullous impetigo (Impetigo contagiosa)

Pertussis (whooping cough)

Mumps

Scabies

Scarlet fever

Chicken pox

Lice

The facility is also required to submit a report if they become aware of two or more similar serious diseases which it can be assumed were caused by pathogens.

Information about the disease and the patient should be submitted to the relevant health authorities:

Karlsruhe – Tel: 0721 -936-5979 / 5980 –or Bruchsal branch – Tel: 07251-783-681
