Abwesenheit/Absence

Artikel/Article 30.3.b*

Wenn am Ende des ersten Semesters erkennbar wird, dass die Zahl der Abwesenheiten in einem oder mehreren Gegenständen die **10% - Grenze** der tatsächlich unterrichteten Unterrichtsstunden überschreiten könnte, informiert der Direktor, die gesetzlichen Vertreter des Schülers über die Gefahr, dass der Schüler nicht zu den Abiturprüfungen zugelassen werden könnte.

If, at the end of the first semester, the number of absences seems likely to exceed the **threshold of 10%** of the periods actually organised in one or more subjects, the Director will warn the pupil's legal representatives of the risk of being unable to take the Baccalaureate examinations.

Si, au terme du premier semestre, il apparaît que le nombre d'absences peut dépasser le **seuil des 10%** des cours dispensés dans une ou plusieurs disciplines, le directeur avertira les représentants légaux de l'élève du risque de ne pouvoir se présenter aux épreuves du Baccalauréat.

CHOICES OF EXAMINATIONS IN THE 2023 EUROPEAN BACCALAUREATE SESSION			

ARTICLE 4 — CONTENT, LEVEL, LANGUAGE OF EXAMINATIONS AND OTHER RESTRICTIONS

4.1	Content of Examinations The examinations will normally cover the year 7 syllabus, but will also assess the knowledge, skills and attitudes acquired in previous years, especially in year 6.	4.2.1.5	All changes must comply with the administrative provisions in force.
4.2	4.3 Other Restrictions		
4.2.1	Exceptions	4.3.1	The substitution of one option for another is not permitted.
4.2.1.1	If a course is taught in more than one language in a class, a candidate may choose to sit the examination in any one of the languages used. This will be clearly indicated in the registration form (annex I). The Schools will introduce it into the <i>School Management System</i> (by the 20 th of October). Once the choice of language is introduced, it will not be changed.	4.3.2	Number of periods The minimum number of periods is 31, out of which at least 29 must be from compulsory subjects and the possible options. The maximum number of periods is 35. While schools should continue to organize their timetables on the basis of a national maximum of 35 periods per week per pupil, nevertheless, as an exception, pupils are allowed, with the approval of the directorate, to have more than 35 periods per week if they wish to attend other existing courses which can be combined with their personal timetable. Dropping an option, advanced course or complementary subject between year s6 and s7 is possible, provided that there is compliance with the administrative provisions, more particularly the minimum number of periods required, i.e., 31 (minimum 29 periods of compulsory subjects, options and advanced courses + minimum 2 periods complementary subject)
4.2.1.2	Between s 6 and s7, only the following changes of level are possible: <ul style="list-style-type: none">• Mathematics 5 ↔ Mathematics 3• 4-period option ↔ Compulsory 2-period course (same subject) A change to a more advanced course (Mathematics 5, 4-period option) is conditional upon the passing of an attainment test demonstrating the pupil's ability to keep up successfully with the requirements of the course requested.	4.3.3	Adding a new option, advanced course or complementary subject in year s7 is not allowed.
4.2.1.3	Requests for changes, in respect of both language (article 4.2.1.1) and level (article 4.2.1.2), submitted at the end of year 6 must be also accompanied by the Class Council's opinion. They will be examined by the Director, who will decide.	4.4	Information for the Pupils Pupils must be informed of the provisions in this article at the time when they make their choices, on going into year 6.
4.2.1.4	Pupils following a subject in s7 in a different language from the one they followed it in s6, due to a change of school between year s6 and s7 or staffing imperatives, will take their examinations in the language they are taught in s7. However, upon request, the Director may allow a pupil to take an examination in the language the subject was followed in s6. In this case, internal assessment cannot be assured by either the s6 in the previous school or the current s7 teacher and a second external examiner may be appointed by the Director of the School in consultation with the Inspector responsible for the subject and the European Baccalaureate Unit. In both cases, the provisions in 4.2.1.1 will apply.

Artikel/Article 13*

In Sonderfällen können Schüler sich im Rahmen der Abiturprüfung zu einer zusätzlichen Prüfung in einem der Wahlfächer anmelden, das sie an der Schule entweder belegt oder nicht belegt haben. Die Zulassung zu einer zusätzlichen Prüfung kann nur dann gewährt werden, wenn an der Hochschule/Universität, an der der betreffende Schüler sein Studium aufnehmen möchte, der Nachweis einer Prüfung in diesem Fach Voraussetzung zur Zulassung zu dem betreffenden Studienfach ist.

In particular cases, pupils may register for the Baccalaureate in an additional option subject, whether or not they have attended lessons in the subject in question at the School. Admittance to this additional Baccalaureate examination may be authorized only if documentation is provided to show that an examination in the subject is part of the conditions for admission to the higher education studies on which the pupil wishes to embark.

Dans des cas particuliers, les élèves peuvent s'inscrire à une épreuve supplémentaire du Baccalauréat portant sur une matière à option, qu'ils aient suivi ou non le cours portant sur la matière en question dans l'Ecole. L'admission à cette épreuve supplémentaire est accordée uniquement s'il est établi qu'un examen dans cette matière fait partie des conditions d'admission aux études supérieures que l'élève souhaite entreprendre.

Endergebnis / Final Result

Résultat Final

Die einzelnen Teile der Prüfung gehen in folgendem Verhältnis in das Gesamtergebnis ein:

- 50 von 100 für die Durchschnittsvornote C
- 35 von 100 für die Durchschnittsnote E aus den schriftlichen Prüfungen,
- 15 von 100 für die Durchschnittsnote O aus den mündlichen Prüfungen.

Endergebnis = 0,50 C + 0,35 E + 0,15 O

Alle Noten werden mit einer Dezimalstelle ausgedrückt.

The proportion of the final total mark for the examination allotted to the various parts will be as follows:

- 50 percent for the average preliminary mark C
- 35 percent for the average W for the written examinations
- 15 percent for the average O for the oral examinations

Final result = 0.50 C + 0.35 W + 0.15 O

All marks are expressed as a mark accurate to one decimal place.

Les différentes parties de l'examen interviennent dans le résultat final dans la proportion suivante:

- 50 pour cent pour la note préliminaire moyenne C,
- 35 pour cent pour la moyenne E des épreuves écrites,
