

Payment

Payments are to be arranged by direct debit mandate.

Payments are debited in September/October for the first semester, and in February for the second semester.

If the child is registered for the first semester or for whole year, payment will be debited mid of October. If your child is registered for the second semester only, debiting will be performed in March/April. Some two weeks in advance you will receive the corresponding invoice.

For students, who apply late, for example due to late school registration, please contact the association under link-contact. Please note that no supervision will be provided without a registration of the child.

Absences

Please inform us in case your child should not attend MoMi/Nami at the latest on the same day by email before 11 a.m

info@momi-nachmittagsbetreuung.eu

MoMi

Supervision across sectors in classes. Joint lunch (in the canteen), free play (if possible

in the kindergarten/school yard), Homework time, snack and creative offer.

Nami

Supervision of all children in one group. Free play, healthy snack (fruit, vegetables etc.), creative offer.

Time schedule

In order to ensure reliable planning, participation in the after-school child care can be arranged for a semester or for the entire school year.

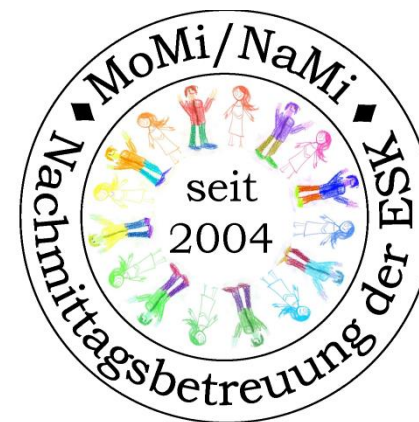

The first semester of the after-school child care usually starts with the first day of school and ends on January 31 of the following calendar year.

Care on the educational day (school-free, usually in November) for MoMi/Nami children is possible from 8 a.m. to 4 p.m. at no extra cost.

The second semester of after-school care starts on Feb. 1st and ends with the last official day of school. (Here, too, care for the MoMi/Nami children is offered free of charge from 8 a.m. to 4 p.m.).

There is no afternoon care on days when there are no regular classes.

No private tuition is provided in the MoMi or in the Nami.
